## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1 - 27, drawn to a multi-layered floor covering.

Group II, claims 28 - 35, drawn to a method of making a multi-layered floor covering.

Group III, claims 36 and 37, drawn to method of providing a continuous floor covering.

2. The inventions listed as Groups I, II, and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups I, II, and III do not relate to a single inventive concept since the floor coverings claimed in the independent claims of each group do not require the same multi-layered structure. For example, although both floor coverings in claims 26 and 28 are five-layered structures, the floor covering in claim 26 requires a foam layer between the glass scrim and woven polypropylene carpet backing layer, while claim 28 only requires that a resilient layer be placed between a reinforcement layer and a backing fabric.

3. A telephone call was made to Bruce D. Gray on March 13, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made because a written restriction was requested.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
